

Boardroom Collaboration

THROUGH AN ADVANCED CONFERENCING COMMUNICATIONS SUITE

Arrow's Conferencing Solution enabled Elanco Animal Health to maximise their meeting and collaboration capabilities.

ABOUT ELANCO ANIMAL HEALTH

Since 1954, Elanco Animal Health has been a cornerstone of the animal health industry, developing innovative solutions to enhance and progress the way animals are cared for.

Elanco Animal Health came to Arrow via our partnership with Logitech and Arrow's specialist boutique construction partner, who specialise in new builds, refurbishments, and fit-outs of residential, retail, entertainment, and commercial sector properties.

THE CHALLENGE

Elanco Animal Health was looking to modernise their meeting rooms to increase collaboration and promote team building and communication throughout the business. Their inter-office and clientele meetings lacked depth and connections were compromised by their reliance on voice services alone.

THE SOLUTION

Arrow proposed the full Logitech Rally suite to deliver a state-of-the-art video and voice conferencing boardroom solution. This all in one video conferencing system would enable Elanco Animal Health to modernise the way they conducted meetings and collaboration throughout the business. It would empower their staff with the ability to use the advanced video systems to easily communicate and work together, without having to use outdated phone technology or individual video conferencing setups on personal computers.

SOLUTION SUMMARY

- ✓ Logitech Rally Suite
- ✓ Logitech MeetUp 4K Conference Camera setup
- ✓ 55", 75" and 85" 4k Smart TVs for meeting areas
- ✓ Professional project management, installation and user training

OUTCOMES SUMMARY

- ✓ Neat and professional install suited to their upgraded meeting and conference spaces
- ✓ A state-of-the-art communication and collaboration setup that is simple to use
- ✓ Comprehensive training allowing staff to hit the ground running from day one

THE SOLUTION

Along with the updated boardrooms and meeting spaces, Elanco Animal Health also requested the outfit of additional rooms at their main headquarters with digital media setups for training, collaboration areas, breakout spaces, and personal meeting areas.

By utilising our industry supply partners, Arrow was able to provide high definition 4k smart televisions and equipment to enable Elanco Animal Health to re-energise the way they work with these new digital frontier rooms.

The solution included:

- Professional project management, installation and user training
- Logitech Rally PLUS Ultra-HD System installed to the training & Meeting room
- Logitech MeetUp 4K Conference Camera setup, installed to 4 separate training and collaboration areas
- 55" 4k Smart TV, Collaboration Area
- 75" 4k Smart TV, Meeting rooms
- 85" 4k Smart TV, Breakout space and an additional training room for larger audiences

In addition to the physical installations of products, Arrow also provided Elanco Animal Health IT staff with comprehensive face to face operations training to utilise their new digital collaboration tools and rooms to their full potential.

OUTCOMES

The team at Elanco Animal Health was extremely happy with the quality of the installation. Arrow provided a neat and professional result with no visible cables, that perfectly suited the environment of their new board room and smaller meeting areas.

The team was able to hit the ground running and start using their new solution from day one. Elanco found the technology high-quality and importantly easy to use.

PROCUREMENT SPECIALISTS

Arrow Voice & Data are whole of business specialists for managed services and digital cloud transformation.

- Digital collaboration experts
- Cloud server migration specialists
- On-premise server
- Microsoft partner
- PC and Notebooks
- Switches, accessories, printers and more
